November is the month of change. It takes us by the hand and leads us from the autumn warmth into the winter cold. Everything slows up, or even goes to sleep for a few months. But of course children are doing the exact opposite. They are eagerly awaiting fireworks, Christmas, snowmen and sledging! A big change from sun, sea, sandcastles and ice-cream!

At Primley we find ourselves travelling along a path that we seem to have been on for a long while. The months and seasons come and go. The path is sometimes smooth and sometimes it is rough. We walk alone and we walk with others. When we walk with others it is then that we are able to support each other. Sharing our joys, sorrows, achievements and failures are part of our church's everyday life. We are better together! Our church is a Community Church and both the church and hall are used by many groups. Jesus taught that sharing and caring are the fundamental actions that Christians need to perform. Someone who is hungry and cold, needs food and shelter.

Primley is first and foremost a fellowship, whose aim is to spread the gospel message of God's love, and help people to have a closer relationship with Jesus. However, we are also a practical, caring community. For a small fellowship, we achieve much. However, as with any organisation, when the responsibility is on just a few shoulders, life gets tough. And that is why many groups find themselves facing the possibility of closure. If a lot of people did one or two things each, the load would be lighter, and the responsibility is shared out. Please pray our fellowship will grow in numbers.

Psalm 127:1 says, "Unless the LORD builds the house those who build it labour in vain; unless the LORD watches over the city, the watchman stays awake in vain." This emphasises how God must be central to everything we aim to be and do, here in our church.

In 2029 Primley church will have witnessed for 90 years. Please pray that it will continue to remain a beacon of light for another 90!
